

STATEMENT OF PURPOSE

RS28851 / H0348

This legislation is a trailer bill to H 73. Since H 73 requires local government accounting, budgetary, and financial information to be reported through a public website maintained by the State Controller, there is no longer a need for cities to file their annual appropriation ordinance with the Secretary of State. Such reporting would be duplicative, and undermine the purpose of the one-stop-shop of local government financial information created by H 73.

FISCAL NOTE

The savings created by this legislation would be minimal, and would mostly consist of saved opportunity cost.
